PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, MongoDB, JavaScript (ES6+), Redux Toolkit, and REST APIs. Skilled in developing responsive user interfaces, implementing authentication systems, integrating backend services, and optimizing application performance. Passionate about creating user-centric solutions and continuously learning modern web technologies.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, PHP

Frontend: React.js, Redux Toolkit, Tailwind CSS, Sass, Responsive Web Design

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, Axios

Concepts: JWT Authentication, MVC Architecture, CRUD Operations, State Management, API Integration

PROJECTS

Job Portal Application React.js — Redux Toolkit — Node.js — Express.js — MongoDB

- Developed a full-stack job portal supporting Employer and Job Seeker roles with secure JWT authentication.
- Built job posting, application tracking, and applicant management modules with role-based access control.
- Implemented resume upload/download functionality and profile management features.
- Integrated AI-powered profile summary generation to assist users in creating professional profiles.
- Designed responsive dashboards and optimized API interactions for improved user experience.
- Live: jobist.netlify.app
- GitHub: <https://github.com/sathyan-a-wbd/job-portal-fullstack>

Portfolio Website React.js — Tailwind CSS

- Designed and developed a responsive portfolio website showcasing projects, skills, and professional information.
- Implemented smooth UI interactions and modern responsive layouts using Tailwind CSS.
- Live: <https://sathyandevportfolio.netlify.app>
- GitHub: <https://github.com/sathyan-a-wbd/sathyan-portfolio>

College Management System HTML — CSS — JavaScript — PHP — MySQL

- Built a web-based management system for handling student and administrative activities.
- Developed frontend interfaces and integrated backend functionalities using PHP and MySQL.
- GitHub: <https://github.com/sathyan-a-wbd/College-Management-System-Academic-Project-2025i>

PRACTICAL EXPERIENCE

- Developed and deployed multiple full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Built responsive and mobile-friendly user interfaces using Tailwind CSS and modern frontend development practices.
- Integrated REST APIs for authentication, data management, and dynamic content rendering.
- Implemented state management using Redux Toolkit and Context API.
- Utilized Git and GitHub for version control and project collaboration.

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

TMG College of arts and science - University of Madras

Percentage: 62.89%

ACHIEVEMENTS

- Built and deployed multiple full-stack applications independently using MERN Stack technologies.
- Integrated AI-powered features into production-ready web applications.
- Active contributor to personal development projects hosted on GitHub.

LANGUAGES

Tamil (Fluent), English (Professional Working Proficiency)
